COMPANY RETURNS

All the figures in the foregoing pages are transcripts of the monthly returns as filed with the Inter-State Commerce Commission at Washington. Many railroad companies also issue monthly statements of their own, and the form of the returns in such cases is often different from that prescribed by the Commerce Commission. In some instances the figures in the two returns correspond, but the company statements go beyond the requirements of the Commission and give fixed charges and income from investments in addition to earnings and expenses.

It is our purpose that each issue of the "Railway Earnings Section" shall furnish an absolutely complete record of all monthly returns, in whatever form issued, that may be put out by any steam railroad in the United States. Accordingly, we bring together on this and the following two pages all the company statements where they differ in any way from the returns to the Commission, or where they embrace more facts than are contained in such returns. In these instances, of course, uniformity is lacking. Each company makes up its statement according to its own conception of what will serve best to convey a correct idea of the course of its income in the distinctive circumstances that may attend its operations or the character of its business. We in turn give the statements in the precise form furnished by the companies. Obviously, we cannot undetake to reconcile differences or discrepancies that may appear between the company figures and the Inter-State Commerce returns.

It should be distinctly understood that where the company statements are identical with those rendered to the Commerce Commission, we do not undertake to repeat them here. In such cases the reader must look for the figures among the detailed statements on preceding pages, which include every steam road that is obliged to make monthly returns to the Commission.

There is just one exception to the rule excluding statements that agree with those made to the Commerce Commission. Where the fiscal year of a company differs from that in the Commerce returns—that is, from July 1—we introduce the road here in order to present the figures for its own fiscal year.

RAILWAY EARNINGS

SECTION OF THE

COMMERCIAL & FINANCIAL CHRONICLE

Copyrighted in 1916 according to Act of Congress, by WILLIAM B. DANA COMPANY, in office of Librarian of Congress, Washington, D. C.

VOL. 103. NEW YORK, SEPTEMBER 23, 1916. NO. 2674.

THIS entire publication is devoted to a presentation of the reports of earnings and expenses of United States railroads for the latest month (July) and for the fiscal year to date, including said month. The table embraces every steam *operating* railroad in the country which is obliged to make monthly reports to the Inter-State Commerce Commission at Washington. Up to Jan. 1 1912 the Commission required monthly returns from every road, no matter how small its earnings. Since that date roads earning less than $100,000 per annum have been relieved from the necessity of filing returns. Leased lines not operating their own roads do not make returns.

Sworn Returns. The figures are a transcript of the sworn returns on file at Washington. They have the further advantage of uniformity of method and classification. Every company is obliged to make up its returns on the same basis and in the same way as every other company.

Earnings Our Specialty. The "Chronicle" has always made a specialty of weekly and monthly reports of railroad earnings, and for over forty-five years its weekly and monthly summaries have been everywhere accepted as authoritative. The present publication is in continuation of this work and to aid the Inter-State Commerce Commission in the one direction in which lies its chief usefulness—the field of publicity.

Full Details. These Inter-State Commerce returns also make it possible for us to present full details of both the revenues and expenses. Besides reporting total gross earnings, we show separately the passenger and the freight revenues. In the case of the expenditures we report the outlays for both maintenance of way and maintenance of equipment as well as the traffic and transportation expenses. We also show the net revenue from outside operations. Lastly, we give the taxes and the miles of road on which the earnings are based.

Cents Discarded. The cents we have necessarily been obliged to discard altogether, and if in any case the results should happen to vary a dollar, one way or the other, from exact proof, the reason for the variance will be found in that circumstance.

Company Returns Also Given. To make this publication absolutely complete, we add several pages at the end to show also the figures issued by the companies themselves, where they are made up on a basis different from that of the Commerce returns, or where they give fixed charges in addition to earnings, or where they have a separate and distinct fiscal year.

Former Returns to be Continued. The matter contained in this extra and novel publication is entirely additional to the comprehensive reports of earnings we furnish in the "Chronicle" from week to week. All the returns of the leading roads, and also all weekly figures of gross earnings, are printed regularly and promptly in the "Chronicle" as soon as received. But in addition we issue once a month—say about the 20th—this special publication, furnishing a sort of compendium of earnings in which we bring together all the returns for the latest month for which the statistics are available.

Only for Subscribers. As in the case of our numerous other Supplements or "Sections," all of which are expensive publications, the "Railway Earnings Section" will be furnished only to "Chronicle" subscribers. These will receive it free of charge, one copy going with each subscription. It will be impossible to obtain copies in any other way, as none will be printed for general sale.

INTER-STATE COMMERCE COMMISSION RETURNS

In the following we show the figures for the latest month of every road which is obliged to make monthly returns of earnings and expenses to the Inter-State Commerce Commission at Washington. We give first the roads that are under the control of the larger systems, and then add the returns of all other roads, arranged in alphabetical order. In a subsequent part of this publication—pages 30 to 32—we also give the *Company* returns where these differ in any way from the Commerce Commission returns or embrace more facts than are contained in these latter.

COMPANY RETURNS

All the figures in the foregoing pages are transcripts of the monthly returns as filed with the Inter-State Commerce Commission at Washington. Many railroad companies also issue monthly statements of their own, and the form of the returns in such cases is often different from that prescribed by the Commerce Commission. In some instances the figures in the two returns correspond, but the company statements go beyond the requirements of the Commission and give fixed charges and income from investments in addition to earnings and expenses.

It is our purpose that each issue of the "Railway Earnings Section" shall furnish an absolutely complete record of all monthly returns, in whatever form issued, that may be put out by any steam railroad in the United States. Accordingly, we bring together on this and the following two pages all the company statements where they differ in any way from the returns to the Commission, or where they embrace more facts than are contained in such returns. In these instances, of course, uniformity is lacking. Each company makes up its statement according to its own conception of what will serve best to convey a correct idea of the course of its income in the distinctive circumstances that may attend its operations or the character of its business. We in turn give the statements in the precise form furnished by the companies. Obviously, we cannot undetake to reconcile differences or discrepancies that may appear between the company figures and the Inter-State Commerce returns.

It should be distinctly understood that where the company statements are identical with those rendered to the Commerce Commission, we do not undertake to repeat them here. In such cases the reader must look for the figures among the detailed statements on preceding pages, which include every steam road that is obliged to make monthly returns to the Commission.

There is just one exception to the rule excluding statements that agree with those made to the Commerce Commission. Where the fiscal year of a company differs from that in the Commerce returns—that is, from July 1—we introduce the road here in order to present the figures for its own fiscal year.

RAILWAY EARNINGS

SECTION OF THE

COMMERCIAL & FINANCIAL CHRONICLE

LIBRARY
OCT 23 1916
UNIVERSITY OF TORONTO

Copyrighted in 1916 according to Act of Congress, by WILLIAM B. DANA COMPANY, in office of Librarian of Congress, Washington, D. C.

VOL. 103. NEW YORK, OCTOBER 21, 1916. NO. 2678.

THIS entire publication is devoted to a presentation of the reports of earnings and expenses of United States railroads for the latest month (August) and for the fiscal year to date, including said month. The table embraces every steam *operating* railroad in the country which is obliged to make monthly reports to the Inter-State Commerce Commission at Washington. Up to Jan. 1 1912 the Commission required monthly returns from every road, no matter how small its earnings. Since that date roads earning less than $100,000 per annum have been relieved from the necessity of filing returns. Leased lines not operating their own roads do not make returns.

Sworn Returns. The figures are a transcript of the sworn returns on file at Washington. They have the further advantage of uniformity of method and classification. Every company is obliged to make up its returns on the same basis and in the same way as every other company.

Earnings Our Specialty. The "Chronicle" has always made a specialty of weekly and monthly reports of railroad earnings, and for over forty-five years its weekly and monthly summaries have been everywhere accepted as authoritative. The present publication is in continuation of this work and to aid the Inter-State Commerce Commission in the one direction in which lies its chief usefulness—the field of publicity.

Full Details. These Inter-State Commerce returns also make it possible for us to present full details of both the revenues and expenses. Besides reporting total gross earnings, we show separately the passenger and the freight revenues. In the case of the expenditures we report the outlays for both maintenance of way and maintenance of equipment as well as the traffic and transportation expenses. We also show the net revenue from outside operations. Lastly, we give the taxes and the miles of road on which the earnings are based.

Cents Discarded. The cents we have necessarily been obliged to discard altogether, and if in any case the results should happen to vary a dollar, one way or the other, from exact proof, the reason for the variance will be found in that circumstance.

Company Returns Also Given. To make this publication absolutely complete, we add several pages at the end to show also the figures issued by the companies themselves, where they are made up on a basis different from that of the Commerce returns, or where they give fixed charges in addition to earnings, or where they have a separate and distinct fiscal year.

Former Returns to be Continued. The matter contained in this extra and novel publication is entirely additional to the comprehensive reports of earnings we furnish in the "Chronicle" from week to week. All the returns of the leading roads, and also all weekly figures of gross earnings, are printed regularly and promptly in the "Chronicle" as soon as received. But in addition we issue once a month—say about the 20th—this special publication, furnishing a sort of compendium of earnings in which we bring together all the returns for the latest month for which the statistics are available.

Only for Subscribers. As in the case of our numerous other Supplements or "Sections," all of which are expensive publications, the "Railway Earnings Section" will be furnished only to "Chronicle" subscribers. These will receive it free of charge, one copy going with each subscription. It will be impossible to obtain copies in any other way, as none will be printed for general sale.

INTER-STATE COMMERCE COMMISSION RETURNS

In the following we show the figures for the latest month of every road which is obliged to make monthly returns of earnings and expenses to the Inter-State Commerce Commission at Washington. We give first the roads that are under the control of the larger systems, and then add the returns of all other roads, arranged in alphabetical order. In a subsequent part of this publication—pages 30 to 32—we also give the *Company* returns where these differ in any way from the Commerce Commission returns or embrace more facts than are contained in these latter.

COMPANY RETURNS

All the figures in the foregoing pages are transcripts of the monthly returns as filed with the Inter-State Commerce Commission at Washington. Many railroad companies also issue monthly statements of their own, and the form of the returns in such cases is often different from that prescribed by the Commerce Commission. In some instances the figures in the two returns correspond, but the company statements go beyond the requirements of the Commission and give fixed charges and income from investments in addition to earnings and expenses.

It is our purpose that each issue of the "Railway Earnings Section" shall furnish an absolutely complete record of all monthly returns, in whatever form issued, that may be put out by any steam railroad in the United States. Accordingly, we bring together on this and the following two pages all the company statements where they differ in any way from the returns to the Commission, or where they embrace more facts than are contained in such returns. In these instances, of course, uniformity is lacking. Each company makes up its statement according to its own conception of what will serve best to convey a correct idea of the course of its income in the distinctive circumstances that may attend its operations or the character of its business. We in turn give the statements in the precise form furnished by the companies. Obviously, we cannot undetake to reconcile differences or discrepancies that may appear between the company figures and the Inter-State Commerce returns.

It should be distinctly understood that where the company statements are identical with those rendered to the Commerce Commission, we do not undertake to repeat them here. In such cases the reader must look for the figures among the detailed statements on preceding pages, which include every steam road that is obliged to make monthly returns to the Commission.

There is just one exception to the rule excluding statements that agree with those made to the Commerce Commission. Where the fiscal year of a company differs from that in the Commerce returns—that is, from July 1—we introduce the road here in order to present the figures for its own fiscal year.

RAILWAY EARNINGS

SECTION OF THE

COMMERCIAL & FINANCIAL CHRONICLE

LIBRARY NOV 20 1916 UNIVERSITY OF TORONTO

Copyrighted in 1916 according to Act of Congress, by WILLIAM B. DANA COMPANY, in office of Librarian of Congress, Washington, D. C.

VOL. 103. NEW YORK, NOVEMBER 18, 1916. NO. 2682.

THIS entire publication is devoted to a presentation of the reports of earnings and expenses of United States railroads for the latest month (September) and for the fiscal year to date, including said month. The table embraces every steam *operating* railroad in the country which is obliged to make monthly reports to the Inter-State Commerce Commission at Washington. Up to Jan. 1 1912 the Commission required monthly returns from every road, no matter how small its earnings. Since that date roads earning less than $100,000 per annum have been relieved from the necessity of filing returns. Leased lines not operating their own roads do not make returns.

Sworn Returns. The figures are a transcript of the sworn returns on file at Washington. They have the further advantage of uniformity of method and classification. Every company is obliged to make up its returns on the same basis and in the same way as every other company.

Earnings Our Specialty. The "Chronicle" has always made a specialty of weekly and monthly reports of railroad earnings, and for over forty-five years its weekly and monthly summaries have been everywhere accepted as authoritative. The present publication is in continuation of this work and to aid the Inter-State Commerce Commission in the one direction in which lies its chief usefulness—the field of publicity.

Full Details. These Inter-State Commerce returns also make it possible for us to present full details of both the revenues and expenses. Besides reporting total gross earnings, we show separately the passenger and the freight revenues. In the case of the expenditures we report the outlays for both maintenance of way and maintenance of equipment as well as the traffic and transportation expenses. We also show the net revenue from outside operations. Lastly, we give the taxes and the miles of road on which the earnings are based.

Cents Discarded. The cents we have necessarily been obliged to discard altogether, and if in any case the results should happen to vary a dollar, one way or the other, from exact proof, the reason for the variance will be found in that circumstance.

Company Returns Also Given. To make this publication absolutely complete, we add several pages at the end to show also the figures issued by the companies themselves, where they are made up on a basis different from that of the Commerce returns, or where they give fixed charges in addition to earnings, or where they have a separate and distinct fiscal year.

Former Returns to be Continued. The matter contained in this extra and novel publication is entirely additional to the comprehensive reports of earnings we furnish in the "Chronicle" from week to week. All the returns of the leading roads, and also all weekly figures of gross earnings, are printed regularly and promptly in the "Chronicle" as soon as received. But in addition we issue once a month—say about the 20th—this special publication, furnishing a sort of compendium of earnings in which we bring together all the returns for the latest month for which the statistics are available.

Only for Subscribers. As in the case of our numerous other Supplements or "Sections," all of which are expensive publications, the "Railway Earnings Section" will be furnished only to "Chronicle" subscribers. These will receive it free of charge, one copy going with each subscription. It will be impossible to obtain copies in any other way, as none will be printed for general sale.

INTER-STATE COMMERCE COMMISSION RETURNS

In the following we show the figures for the latest month of every road which is obliged to make monthly returns of earnings and expenses to the Inter-State Commerce Commission at Washington. We give first the roads that are under the control of the larger systems, and then add the returns of all other roads, arranged in alphabetical order. In a subsequent part of this publication—pages 30 to 32—we also give the *Company* returns where these differ in any way from the Commerce Commission returns or embrace more facts than are contained in these latter.

Atchison Topeka & Santa Fe System.

COMPANY RETURNS

All the figures in the foregoing pages are transcripts of the monthly returns as filed with the Inter-State Commerce Commission at Washington. Many railroad companies also issue monthly statements of their own, and the form of the returns in such cases is often different from that prescribed by the Commerce Commission. In some instances the figures in the two returns correspond, but the company statements go beyond the requirements of the Commission and give fixed charges and income from investments in addition to earnings and expenses.

It is our purpose that each issue of the "Railway Earnings Section" shall furnish an absolutely complete record of all monthly returns, in whatever form issued, that may be put out by any steam railroad in the United States. Accordingly, we bring together on this and the following two pages all the company statements where they differ in any way from the returns to the Commission, or where they embrace more facts than are contained in such returns. In these instances, of course, uniformity is lacking. Each company makes up its statement according to its own conception of what will serve best to convey a correct idea of the course of its income in the distinctive circumstances that may attend its operations or the character of its business. We in turn give the statements in the precise form furnished by the companies. Obviously, we cannot undetake to reconcile differences or discrepancies that may appear between the company figures and the Inter-State Commerce returns.

It should be distinctly understood that where the company statements are identical with those rendered to the Commerce Commission, we do not undertake to repeat them here. In such cases the reader must look for the figures among the detailed statements on preceding pages, which include every steam road that is obliged to make monthly returns to the Commission.

There is just one exception to the rule excluding statements that agree with those made to the Commerce Commission. Where the fiscal year of a company differs from that in the Commerce returns—that is, from July 1—we introduce the road here in order to present the figures for its own fiscal year.

RAILWAY EARNINGS

SECTION OF THE

COMMERCIAL & FINANCIAL CHRONICLE

LIBRARY
DEC 18 1916
UNIVERSITY OF TORONTO

Copyrighted in 1916 according to Act of Congress, by WILLIAM B. DANA COMPANY, in office of Librarian of Congress, Washington, D. C.

VOL. 103. NEW YORK, DECEMBER 16, 1916. NO. 2686.

THIS entire publication is devoted to a presentation of the reports of earnings and expenses of United States railroads for the latest month (October) and for the fiscal year to date, including said month. The table embraces every steam *operating* railroad in the country which is obliged to make monthly reports to the Inter-State Commerce Commission at Washington. Up to Jan. 1 1912 the Commission required monthly returns from every road, no matter how small its earnings. Since that date roads earning less than $100,000 per annum have been relieved from the necessity of filing returns. Leased lines not operating their own roads do not make returns.

Sworn Returns. The figures are a transcript of the sworn returns on file at Washington. They have the further advantage of uniformity of method and classification. Every company is obliged to make up its returns on the same basis and in the same way as every other company.

Earnings Our Specialty. The "Chronicle" has always made a specialty of weekly and monthly reports of railroad earnings, and for over forty-five years its weekly and monthly summaries have been everywhere accepted as authoritative. The present publication is in continuation of this work and to aid the Inter-State Commerce Commission in the one direction in which lies its chief usefulness—the field of publicity.

Full Details. These Inter-State Commerce returns also make it possible for us to present full details of both the revenues and expenses. Besides reporting total gross earnings, we show separately the passenger and the freight revenues. In the case of the expenditures we report the outlays for both maintenance of way and maintenance of equipment as well as the traffic and transportation expenses. We also show the net revenue from outside operations. Lastly, we give the taxes and the miles of road on which the earnings are based.

Cents Discarded. The cents we have necessarily been obliged to discard altogether, and if in any case the results should happen to vary a dollar, one way or the other, from exact proof, the reason for the variance will be found in that circumstance.

Company Returns Also Given. To make this publication absolutely complete, we add several pages at the end to show also the figures issued by the companies themselves, where they are made up on a basis different from that of the Commerce returns, or where they give fixed charges in addition to earnings, or where they have a separate and distinct fiscal year.

Former Returns to be Continued. The matter contained in this extra and novel publication is entirely additional to the comprehensive reports of earnings we furnish in the "Chronicle" from week to week. All the returns of the leading roads, and also all weekly figures of gross earnings, are printed regularly and promptly in the "Chronicle" as soon as received. But in addition we issue once a month—say about the 20th—this special publication, furnishing a sort of compendium of earnings in which we bring together all the returns for the latest month for which the statistics are available.

Only for Subscribers. As in the case of our numerous other Supplements or "Sections," all of which are expensive publications, the "Railway Earnings Section" will be furnished only to "Chronicle" subscribers. These will receive it free of charge, one copy going with each subscription. It will be impossible to obtain copies in any other way, as none will be printed for general sale.

INTER-STATE COMMERCE COMMISSION RETURNS

In the following we show the figures for the latest month of every road which is obliged to make monthly returns of earnings and expenses to the Inter-State Commerce Commission at Washington. We give first the roads that are under the control of the larger systems, and then add the returns of all other roads, arranged in alphabetical order. In a subsequent part of this publication—pages 30 to 32—we also give the *Company* returns where these differ in any way from the Commerce Commission returns or embrace more facts than are contained in these latter.

COMPANY RETURNS

All the figures in the foregoing pages are transcripts of the monthly returns as filed with the Inter-State Commerce Commission at Washington. Many railroad companies also issue monthly statements of their own, and the form of the returns in such cases is often different from that prescribed by the Commerce Commission. In some instances the figures in the two returns correspond, but the company statements go beyond the requirements of the Commission and give fixed charges and income from investments in addition to earnings and expenses.

It is our purpose that each issue of the "Railway Earnings Section" shall furnish an absolutely complete record of all monthly returns, in whatever form issued, that may be put out by any steam railroad in the United States. Accordingly, we bring together on this and the following two pages all the company statements where they differ in any way from the returns to the Commission, or where they embrace more facts than are contained in such returns. In these instances, of course, uniformity is lacking. Each company makes up its statement according to its own conception of what will serve best to convey a correct idea of the course of its income in the distinctive circumstances that may attend its operations or the character of its business. We in turn give the statements in the precise form furnished by the companies. Obviously, we cannot undetake to reconcile differences or discrepancies that may appear between the company figures and the Inter-State Commerce returns.

It should be distinctly understood that where the company statements are identical with those rendered to the Commerce Commission, we do not undertake to repeat them here. In such cases the reader must look for the figures among the detailed statements on preceding pages, which include every steam road that is obliged to make monthly returns to the Commission.

There is just one exception to the rule excluding statements that agree with those made to the Commerce Commission. Where the fiscal year of a company differs from that in the Commerce returns—that is, from July 1—we introduce the road here in order to present the figures for its own fiscal year.

The Preparation of Municipal Securities

There are six important factors to be considered when issuing municipal bonds

1. Preparation by a reliable and experienced Company.
2. Relief from the care of details incident to the issue.
3. Highest grade of work at the minimum cost.
4. Certification providing protection against over-issue or forgery.
5. Safeguarding of dies, plates, rolls and accounting for all paper used.
6. Assistance in advertising and selling bonds.

These are all embodied in the plan of this Company which serves as fiscal agent for Cities, Counties and States. Over 2,187 issues, aggregating $313,062,091, have been prepared and certified under this plan, which safeguards the interests of both municipality and investor.

OF THE

COMMERCIAL & FINANCIAL CHRONICLE.

Copyrighted in 1916 according to Act of Congress, by WILLIAM B. DANA COMPANY, in office of Librarian of Congress, Washington, D. C.

Vol. 103. NEW YORK, NOVEMBER 25 1916 No. 2683.

STATE AND CITY SECTION.

The State and City Section, issued semi-annually on the last Saturday of May and November, is furnished *without extra charge* to every annual subscriber of the Commercial and Financial Chronicle.

Terms for the Chronicle, including this and five other Sections, or Supplements, issued periodically and all furnished without extra charge to annual subscribers, are Ten Dollars per annum within the United States, Thirteen Dollars (which includes postage) in Europe and $11.50 in Canada.

WILLIAM B. DANA COMPANY, Publishers,
Front, Pine and Depeyster Streets,
P. O. Box 3, Wall St. Station. New York.

PUBLISHERS' NOTICE OF CHANGE IN ISSUE OF THIS PUBLICATION.

Beginning with May 1917 the State and City Section will be issued in two parts. The first part, comprising the New England and the Middle and the Central States (the latter embracing Ohio, Indiana, Illinois and Michigan) will appear on the last Saturday of May, while the second part, comprising the rest of the country, will appear on the last Saturday of November.

This change is forced upon us by the constant addition to the number of municipal bond issues and the inability to compress the information concerning the same within the limits of a single number. Not only are the older and more important civic corporate bodies uninterruptedly putting out further bonded obligations, but many of the minor places, previously free from debt, have also entered the ranks of borrowing communities and are steadily creating new issues. Besides this, in the newer sections of the country where expansion and development are such noteworthy characteristics of affairs, new civil divisions are all the time springing into existence. The result is that the demands for additional space have outgrown our ability to provide for them in the customary way.

We have resorted to all sorts of devices to overcome the difficulty. We have increased the size of the publication, adding 32 pages within the last five years; we have had the whole publication reset in smaller type, and we have practiced elimination, abbreviation and condensation. All these have proved serviceable expedients in their way, and yet all combined have not sufficed for the needs. In face of all of them we have been obliged to transfer a steadily augmenting number of municipalities to the list of "Additional Statements" at the end of each State. These "Additional Statements" comprise returns of municipal divisions for which we have been unable to make room in the body of the returns. They afford a very unsatisfactory way of presenting the figures, since only a single line is allowed for the data concerning each municipality. These "Additional Statements" ought all to be given in complete shape and appear in alphabetical order with the remaining returns for the different States.

Only a few years ago, by the employment of the methods above outlined, we had succeeded in doing away with practically all the "Additional Statements." To-day, such is the pressure for added space that in the present number of this publication we are carrying 382 "Additional Statements" in Ohio, 243 in Texas, and even 166 in New York, while for all the States combined we are carrying no less than 3,396 of such statements. To attempt to give detailed returns in place of the present partial returns for these 3,396 places and to include them along with the other returns in a single number of this Supplement, as has been the plan up to the present time, would so increase the size of the book as not only to make it unwieldy, but also so as, in all probability, to render it difficult, if not impossible, to obtain the present mail facilities for the same.

There seems no alternative, therefore, but to issue the Supplement in two parts, as above announced, and to assign a portion of the country to each part. This, therefore, is the plan we have now determined upon. In that way we shall be able to take care of immediate needs and hope also to provide for the growth of the country—for at least a few years to come. As for the remoter future, that is "upon the knees of the gods."

United States Debt and Its History.

The following is a statement of the debt of the United States past and present. To add to its usefulness we give references to the laws authorizing each of the issues of bonds outstanding to-day.

All our figures, except when otherwise noted, represent the status at the close of business June 30 or the beginning of business on July 1 of each fiscal year. To conform to that feature and yet furnish information through which any reader can always have the data for a correct exhibit of the debt situation at any past or future day, and make an accurate comparison with previous years, we present, *first*, the details as they stood at the close of the last fiscal year ending June 30 1916; *second*, the changes in those details since June 30 1916 down to Nov. 1 1916; *third*, the items of interest-bearing debt, &c., at the beginning of each fiscal year since July 1 1878; *fourth*, we publish in the "Chronicle" every month—usually the third or fourth Saturday—the full detailed Government statement of the debt as reported by the Treasurer on the last day of the previous month; some months lack of space forces us to delay the publication to a later week.

Aggregate of debt June 30 1915 on which interest has ceased since maturity	$1,473,100 26

DEBT BEARING NO INTEREST JUNE 30 1916.

	Authorizing Act.	
United States notes	Feb. 25 1862; July 11 1862; March 3 1863	$346,681,016 00
Old demand notes	July 17 1861; Feb. 12 1862	53,152 50
National Bank Notes—Redemption account	July 14 1890	51,506,237 50
Fractional currency	July 17 1862; March 3 1863; June 30 1864, $15,239,928.28, less $8,375,934 estimated as lost or destroyed, Act of June 21 1879	6,848,496 90
Aggregate June 30 1916 of debt bearing no interest		$405,088,902 90

The foregoing shows that the Government debt on June 30 1916 was made up of (1) interest-bearing debt, $971,562,590, of (2) debt on which interest has ceased, $1,473,100 26, of (3) debt bearing no interest, $252,109,877 27, making total *gross* debt, $1,225,145,567 53; subtracting from the total the net cash balance in the Treasury ($218,863,995 43) at the same date (June 30 1916), we have the net debt as it stood at the close of the last fiscal year, $1,006,281,572 10. Since the close of June the changes in the various items of the *interest-bearing debt* have included a reduction of $16,132,500 in the Consols of 1930, $2,602,500 in the Series of 1906 Panama Canal Loan, $974,400 in the Series of 1908, the issuing of $8,453,900 Conversion Bonds, $13,301,000 One-Year Treasury Notes and a decrease of $1,138,800 Postal Savings Bonds, or a net increase of $906,700, making the interest-bearing debt at this time $972,469,290.

For *later and future details of the debt, see the same* as issued every month in the "Chronicle," the third or a later Saturday. We now add, *first*, references to and citations from the laws which are the authority for the debt as it stands to-day; *second*, the two tables on the next page, which exhibit all the particulars of the total debt of the United States on June 30 of each year from 1878 to 1916, and on Nov. 1 1916; *third*, the Pacific Railroad bonds, which are never included in the debt statements.

"FUNDED LOAN OF 1891" (Column 1) 4½s, continued at 2%. The bonds of this issue were issued in exchange for the 4½% funded loan of 1891 by agreement between the Secretary of the Treasury and the holders, and were made redeemable at pleasure of the Government. Amount issued $25,364,500, but May 18 1900 all were called for redemption on Aug. 18 1900, when interest ceased.

"CONSOLS OF 1930."—Column 13.) Bonds (2% payable at the pleasure of the Government after 30 years) authorized in "Act to define and fix the standard of value," &c. (for copy of Act see "Chronicle," March 3 1900, page 411), for the purpose of refunding (1) outstanding United States bonds bearing interest at 5% payable Feb. 1 1904; (2) bonds bearing interest at 4% payable July 1 1907; and (3) bonds bearing interest at 3% payable August 1 1908 (the "ten-twenties of 1898"). For details of arrangement see Secretary Gage's circular with reference to the operations for carrying out the refunding provisions of the bill in "Chronicle," March 17 1900, page 509. Of these 2%s there were outstanding Nov. 1 1916, $620,127,050.

"LOAN OF 1908-1918."—(Column 11.) The bonds included under this head are an issue of $198,792,660 3%s. They were authorized by Act of June 13 1898 and are known as the "War Loan." The law provided that in allotting said bonds the individual subscriptions of the lowest amount must be first allotted. On the day the Act was signed a Treasury circular was issued (see circular in "Chronicle" of June 18 1898, page 1168, inviting subscriptions for 32 days, from June 13 to July 14, for the amount of bonds stated, in both coupon and registered form, coupon in denominations of $20, $100, $500 and $1,000, and registered in denominations of same amounts, and also in $5,000 and $10,000, dated August 1 1898, redeemable in coin at the pleasure of the United States after ten years from date of issue, and due and payable August 1 1918. See circular for further details. Subscriptions reached the amount of $1,325,000,000. The amount now outstanding (Nov. 1 1916) is $63,945,460.

"FUNDED LOAN OF 1907" (Column (3) 4s. The Act of July 14 1870, authorized the issue of 1,000 million dollars of bonds at 4%, payable in coin of the present standard value at the pleasure of the United States after thirty years; these bonds to be exempt from all taxes or duties of the United States, as well as from taxation in any form by or under State, municipal or local authority. Bonds to be sold at not less than par in coin, and proceeds applied to redemption of outstanding 5-20s, par for par. Outstanding (Nov. 1 1916), $518,600, included in debt upon which interest has ceased.

"REFUNDING CERTIFICATES" (Column 4).—Act of February 26 1879 authorized the Secretary of the Treasury to issue in exchange for lawful money of the United States certificates of deposit of the denomination of ten dollars, bearing interest at the rate of 4%, and convertible at any time, with accrued int., into the 4% bonds described in the Refunding Act; the money so received to be applied only to the payment of the bonds bearing interest at a rate not less than 5%. On March 12 1879 the issue of these certificates and their exchange into 4% bonds were authorized, the certificates were to draw 4% interest from April 1 1879 and were convertible in sums of $50 or its multiples. The amount issued at the close of the fiscal year (June 30 1879) was $39,308,110, but they had been converted so rapidly that there were outstanding at that date only $12,848,210. On Oct. 31 1879 the entire authorized amount had been reached, the maximum of the issue being $40,012,750. Of these there were still outstanding on Nov. 1 1916 a total of $11,880, included in debt bearing no interest.

"LOAN OF 1925."—(Column 9.) Sales of bonds included under this designation were effected (1) in February 1895 to the amount of $62,315,400, and (2) in February 1896 to the amount of $100,000,000. In a message to Congress under date of February 8 1895 (published in the "Chronicle" February 9 1895, page 244), President Cleveland stated in substance that in pursuance of Section 3700 of the Revised Statutes, the details of an arrangement have this day been concluded whereby bonds authorized under the Act of July 14 1875, payable in coin at the pleasure of the United States after the first day of Feb. 1925, with interest at the rate of 4% per annum, to the amount of $62,315,400, are to be issued for the purchase of gold coin amounting to a sum slightly in excess of $65,000,000, to be delivered to the Treasury of the United States, which sum added to the gold now held in our reserve will so restore such reserve as to make it amount to something more than $100,000,000. Such a premium is to be allowed to the Government upon the bonds as to fix the rate of interest upon the amount of gold realized at 3¾% per annum. At least one-half of the gold to be obtained is to be supplied from abroad. Section 3700 of the revised Statutes is as follows:

"Sec. 3700. The Secretary of the Treasury may purchase coin with any of the bonds or notes of the United States authorized by law at such rates and upon such terms as he may deem most advantageous to the public interest."

For a construction of the "Refunding Act of 1870" and of the "Resumption Act of 1875," see "Chronicle," February 18 1893, page 265.

The issue in February 1896 was an ordinary offering, open to all bidders, of $100,000,000 of the same bonds as the foregoing—same in date, same in time of maturity, same in rate of interest and time of interest payments. Consequently both issues are called the "Loan of 1925," of which there are outstanding $118,489,900."

"LOAN OF 1904."—(Column 6.) The Act of January 14 1875 authorizes the Secretary of the Treasury to use any surplus revenues from time to time in the Treasury not otherwise appropriated, and to issue, sell, dispose of, at not less than par in coin, either of the descriptions of bonds of the United States described in the Act of July 14 1870, for the purpose of redeeming on and after January 1 1879, in coin, at the office of the Assistant Treasurer of the United States at New York, the outstanding legal-tender notes when presented in sums of not less than fifty dollars. Under this authorization, and for the purposes mentioned, there were issued in Feb. 1894, payable in 10 years, $50,000,000 of 5%s and in Nov. 1894 there were issued $50,000,000 more for similar bonds for same purpose. The bonds matured Feb. 2 1904, and the amount outstanding Nov. 1 ($13,050) is included on that date in "debt on which interest has ceased."

"PANAMA CANAL LOAN."—(Column 2). The Act of June 28 1902, Section 8, supplemented by the Act of Dec. 21 1905 (for copy of the sections referred to, see "Chronicle" July 7 1906, page 12), authorizes the issue of $130,000,000 of coupon or registered 2% bonds of the United States, or as much thereof as may be necessary, in denominations of $20 or some multiple of that sum, redeemable in gold coin at the pleasure of the United States after ten years from the date of issue—$84,631,980 of said bonds have been issued, of which $80,755,080 are now outstanding. They bear date Aug. 1 1906 and Nov. 1 1908, but interest began Nov. 1 1907 and Feb. 1 1909.

"PANAMA CANAL LOAN."—(Column 5.) The Act of Aug. 5 1909, Section 39, supplemented by the Act of Feb. 4 1910, authorizes the issue of $160,569,000 of coupon or registered bonds of the United States in various denominations up to $1,000 at a rate of interest not exceeding 3%. Under a further supplementary Act—that of March 2 1911—authorization was given to issue the bonds "not available to national banks as security for circulation notes," and in conformity therewith $50,000,000 of said bonds, bearing 3% interest, have been issued and are now outstanding. They bear date June 1 1911, are redeemable in 1961, and interest is payable quarterly on the first days of Sept., Dec., March and June.

POSTAL SAVINGS BONDS.—(Column 8.) The Act of June 25 1910, authorized the issue to depositors with the United States under the Postal Savings Bank Law, upon the surrender of all or any part of his deposits, of coupon or registered bonds of the United States bearing 2½% interest, of the denominations of $20, $40, $60, $80, $100 and multiples of $100 and $500. Under the Act $8,245,100 of such bonds redeemable at various dates between July 1 1912 and July 1 1917 and payable between July 1 1931 and like date in 1936 and $906,700 redeemable after Jan. 1 1917 and payable Jan. 1 1936 have been issued and are now outstanding.

ONE-YEAR TREASURY NOTES.—(Column 3a). These Treasury Notes, as also the Conversion Bonds, are authorized by Section 18 of the Federal Reserve Act of 1913. We quote herewith the provision in full:

Upon application of any Federal Reserve bank, approved by the Federal Reserve Board, the Secretary of the Treasury may issue in exchange for United States two per centum gold bonds bearing the circulation privilege, but against which no circulation is outstanding, one-year gold notes of the United States without the circulation privilege, to an amount not to exceed one-half of the two per centum bonds, so tendered for exchange, and thirty-year three per centum gold bonds without the circulation privilege for the remainder of the two per centum bonds so tendered; provided, that at the time of such exchange the Federal Reserve bank obtaining such one-year gold notes shall enter into an obligation with the Secretary of the Treasury binding itself to purchase from the United States for gold at the maturity of such one-year notes an amount equal to those delivered in exchange for such bonds if so requested by the Secretary and, at each maturity of one year notes so purchased by such Federal Reserve bank, to purchase from the United States such an amount of one-year notes as the Secretary may tender to such bank not to exceed the amount issued to such bank in the first instance in exchange for the two per centum United States gold bonds, said obligation to purchase at maturity such notes shall continue in force for a period not to exceed thirty years.

$14,239,000 one-year notes have been issued and are now outstanding.

CONVERSION BONDS—(Column 1a). (See explanation under one-year Treasury Notes.) Of these bonds $15,761,000 had been issued to Nov 1.

"CERTIFICATES OF INDEBTEDNESS" OF 1908, Authorized by Act of June 13 1898. $15,436,500 of the certificates were issued in denominations of $50, payable to bearer; dated Nov. 20 1907; interest at the rate of 5% per annum, payable with the principal sum on and after Nov. 20 1908, on presentation of the certificates for redemption. For details, "Chronicle," Nov. 23 1907, page 1311—the certificates have all been retired.

In April 1895 we gave a table showing the debt of the United States on the first day of July 1856, and every subsequent year. It is not necessary to repeat all those figures. We have determined on this occasion to begin our statement with 1878, as that year antedates all of the issues now outstanding, and yet carries the record sufficiently far back to show the nature and extent of the Government securities when the refunding operations of that period began. It has the advantage, too, of giving separate and distinct each issue of bonds now outstanding. The statement is subjoined.

PRINCIPAL OF THE PUBLIC DEBT OF THE UNITED STATES FROM JULY 1 1878 TO NOV. 1 1916.

1916, Nov. 1	1,469,810 26	a245,287,896 77	1,219,226,997 03	a138,664,555 27	1,080,562,441 76	23,305,397 40

Note 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year, except in the case of October, for which the total is of that date, and is exclusive of interest charge on Pacific Railway bonds.

Note 2.—The figures for July 1 1879 were made up assuming pending funding operations to have been completed.

*Note 3.—Under the Act of March 14 1900 the Treasury Department has kept the gold Reserve Fund as a separate item, and not included it in the available cash balance. In the above statement, however, we have continued to include the item so as not to embarrass comparison with previous years. Total cash Nov. 1 includes disbursing officers' balances (about $60,000,000), which it was the former practice to deduct in arriving at the net cash and the net debt.

a Under the new form of statement issued by the Treasury Department the gold reserve ($152,979,025 63 on Nov. 1) is deducted from the total of United States notes outstanding, decreasing to that extent the debt bearing no interest and consequently making a similar reduction in the balance of cash available to pay maturing obligations.

PACIFIC RAILROAD DEBT.—One other class of bonded debt must be referred to which has never been included in the total of Government debt—we mean the Pacific Railroad subsidy debt. To show the situation of this indebtedness we have merely to state that the balance unsettled Nov. 1 1916 consisted of principal and interest of the Central Branch of the Union Pacific RR., $1,600,000 and $1,999,613 92 respectively, or $3,599,613 92 in all.

DEBT, RESOURCES, &c.

Admitted as a State (Act March 3 1820).....March 15 1820
Total area of State (square miles).....33,040
State Capital.....Augusta
Governor (term exp. 1st Wed. Jan. 1917).Oakley C. Curtis
Secretary of State (term exp. *Jan. 1917).John E. Bunker
Treasurer (term exp. *Jan. 1 1917).....Elmer E. Newbert

LEGISLATURE meets biennially in odd years on the first Wednesday in January, and there is no limit to length of sessions.
* Is chosen by Legislature.

HISTORY OF DEBT.—For history of Maine State debt up to 1889, see "State and City Supplement" of April 1895, page 9.
At present the debt stands as follows:

LOANS—		Interest		Outstanding	
Name and Purpose.	Rate.	Payable.	When Due.	Principal
Bonds to University of Maine	r	5	J-D	June 1 1919	$118 300
Do do do	r	4	J-J	July 1 1917	100.000
Bond to Augusta State Hospital	r	4	J-J	July 1 1917	50 000
Loan of 1869, not presented for payment					700
Highway bonds, 1913	c	4	M-S	Sept 1 '17-'53	277,500
Do do 1914	c	4	J-J	July 1 '17-'54	437,000
Do do 1915	c	4g	A-O	1918-1933	400,000
				1934-1935	100,000
Do do 1916	c	4g	M-S	1917-1919	105,000
				1920-1933	350,000
				1934-1936	45,000

INTEREST is payable at the State Treasury, Augusta, Me.

TOTAL DEBT.—The subjoined statement shows Maine's total funded debt on each of the dates named

	Jan. 1 1916.	Jan. 1 1915.	Jan. 1 1914.	Jan. 1 1913.
Bonded debt	$1,522,000	$1,061,500	$569,000	$269,000

On Jan. 1 1915 the assets of the State were as follows: Cash on hand, $778,046; balance due on State taxes, $1,887,001; securities, &c., $169,649; total, $2,834,696. The total liabilities of the State on Jan. 1 1915, including bonded debt, were $4,633,562.

ASSESSED VALUATION.—Valuations are taken only in even years.

Years.	Assessed Valuation— Real.	Personal.	Total.	State tax per $1,000.
1914	$401,279,430	$97,208,419	$498,487,849	$4.50
1912	388,551,157	89,640,887	478,192,044	4.00
1910	366,132,326	85,647,793	451,780,119	5.00
1908	345,572,709	82,679,756	428,252,465	3.00
1906	316,053,787	78,679,203	394,732,990	2.50
1904	292,464,911	74,049,103	366,514,014	2.75

Years—	Total Valu'n.	Tax rate.	Years—	Total Valu'n.	Tax rate.
1902	$352,228,897	$2.75	1860	$164,714,168	$1.25
1900	336,699,649	2.75	1850	100,157,573	2.00
1890	309,096,041	2.25	1840	69,246,288	2.90
1880	235,978,716	5.00	1830	28,807,687	1.90
1870	224,812,900	6.00	1820	20,962,778	----

POPULATION OF STATE.—According to United States Census.

1910	742,371	1870	626,915	1840	501,793	1810	228,075
1900	694,466	1860	628,279	1830	399,455	1800	151,719
1890	661,086	1850	583,169	1820	298,335	1790	96,540
1880	648,936						

DEBT LIMITATIONS.—STATE.—The debt of the State is now limited by Secs. 14 and 17, Article 9, of the State constitution. Sec. 17 and the words italicized below in Section 14 were added by an amendment adopted in Sept. 1912. V. 95, p. 766.

SECTION 14. The credit of the State shall not be directly or indirectly loaned in any case. The Legislature shall not create any debt or debts, liability or liabilities, on behalf of the State, which shall singly or in the aggregate, with previous debts and liabilities hereafter incurred, at any one time exceed $300,000 except *for the purposes of building and maintaining of State highways*, to suppress insurrection, to repel invasion, or for purposes of war; but this amendment shall not be construed to refer to any money that has been, or may be, deposited with this State by the Government of the United States, or to any fund which the State shall hold in trust for any Indian tribe.

SECTION 17. The Legislature may authorize the issuing of bonds not exceeding two million dollars in amount at any one time, payable within forty-one years, at a rate of interest not exceeding four per centum per annum, payable semi-annually, which bonds or their proceeds shall be devoted solely to the building and maintaining of State highways; provided, however, that bonds issued and outstanding under the authority of this section shall never, in the aggregate, exceed two million dollars; the expenditure of said money to be divided equitably among the several counties of the State.

MUNICIPAL.—At an election held Sept. 11, 1911 the voters adopted an amendment to Article XXII. of the constitution increasing the debt limit of cities of 40,000 or more (which concerns Portland alone) from 5% to 7½% of the assessed valuation. We print Article XXII. below, italicizing the part added and placing in brackets the words eliminated.

Article XXII. Limitation of Municipal Indebtedness. No city or town *having less than forty thousand inhabitants, according to the last Census taken by the United States*, shall *hereafter* create any debt or liability which, singly or in the aggregate, with previous debts or liabilities, shall exceed five per centum of the last regular valuation of said city or town, *provided, however, that cities having a population of forty thousand or more, according to the last Census taken by the United States, may create a debt or liability which, singly or in the aggregate, with previous debts or liabilities, shall equal seven and one-half per centum of the last regular valuation of said city, that cities of forty thousand inhabitants or over may, by a vote of their city government, increase the present rate of five per centum by one-fourth of one per centum in any one municipal year, until, in not less than ten years, the maximum rate of seven and one-half per centum is reached, that any city failing to take the increase in any one municipal year, then the increase for that year is lost and no increase can be made until the next year, as provided above: and provided, further*, that the adoption of this Article shall not be construed as applying to any fund received in trust by the said city or town, nor to any loan for the purpose of renewing existing loans or for war; or to temporary loans to be paid out of money raised by taxation during the year in which they *were* [are] made.

EXEMPT FROM TAXATION.—The Legislature of 1909 approved an Act exempting from taxation all bonds issued after Feb. 1 1909 by the State or any county municipality, village, corporation or water district therein. Banks and trust companies holding such securities are allowed to deduct the same from the assessment of their shares. See V. 88, p. 1451, for Act in full.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The provisions regulating the investments and loans of savings banks and institutions for savings in the State of Maine are contained in Sections 23 to 26, inclusive, of Chapter 48 of the Revised Statutes of 1903 At the 1915 session the law was amended by adding clause *h* to Subdivision 3d of Section 23 authorizing investment in bonds of certain bridge companies. Clause *f* of Subdivision 6th of Sec. 23 was also amended so that the stock of a corporation (other than railroad and water companies) which sells its property to a voluntary association to carry on the same business may continue as a legal investment.

SECTION 23. Savings banks and institutions for savings are restricted to and hereafter may invest their deposits as follows:

First, a. In the public funds of the United States and District of Columbia.

b. In the public funds of any of the New England States and of the States of New York, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas, Nebraska, California, Oregon and Washington.

Second, a. In the bonds of the counties, cities and towns of any of the New England States.

b. In the bonds of cities and districts in the States of New York, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas, Nebraska, California, Oregon and Washington, having a population of seventy-five thousand or more, when issued for municipal purposes, and which are a direct obligation on all the taxable property therein.

c. In the bonds of counties of twenty thousand inhabitants or more in the States of New York, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas, Nebraska, California, Oregon and Washington, when issued for municipal purposes, and which are a direct obligation on all the taxable property therein, except when issued in aid of railroads, *provided*, that the net municipal indebtedness of such county does not exceed 5% of the last preceding valuation of the property therein for the assessment of taxes.

d. In the bonds of any city of ten thousand inhabitants or more in the States of New York, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas, Nebraska, California, Oregon and Washington, when issued for municipal purposes, and which are a direct obligation on all the taxable property therein except when issued in aid of railroads, *provided* that the net municipal indebtedness of such city does not exceed 5% of the last preceding valuation of the property therein for the assessment of taxes.

e. In the refunding bonds of counties and cities above enumerated issued to take up at maturity bonds which were legal and constitutional when issued, *provided* that the interest has been fully paid on such original bonds for at least five years last prior to such refunding; *provided, further*, that such counties and cities can otherwise meet the foregoing conditions.

f. In the bonds and obligations of school district boards, boards of education and other corporate bodies within such cities, authorized to issue bonds payable primarily from taxes levied on all the taxable property in said district; *provided* that the population of the district is ten thousand or more, and the population and assessed valuation of the district are equal to at least 90% of the population and the assessed valuation of the city within which such district is located; *provided, further*, that the net municipal indebtedness of such district does not exceed 5% of the last preceding valuation of the property therein for the assessment of taxes

g. In the bonds or obligations of any municipal or quasi-municipal corporation of this State, when such securities are a direct obligation on all the taxable property of said corporation.

Third, a. In the railroad bonds of this State.

b. In the first mortgage bonds of any completed railroads of the States of New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas and Nebraska.

c. In the first mortgage bonds of the Central Pacific, Union Pacific and Northern Pacific railroads.

d. In the mortgage bonds of any railroad leased to any dividend-paying railroad in New England upon terms guaranteeing the payment of a regular stated dividend upon the stock of such leased road and the interest on its bonds

e. Street railroad companies are not railroad companies within the meaning of the foregoing clauses of this section.

f. In the bonds of street railroads constructed in this State prior to April 27 1895, and in the bonds of street railroads in this State constructed after said date, and in the first mortgage bonds of any completed street railroad in the States of New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas and Nebraska; *provided*, that in the case of street railroads constructed in this State after April 27 1895, and in the case of street railroads in the States above named, an amount of capital stock equal to 33 1-3% of the mortgaged debt shall have been paid in, in cash, and expended upon the road, evidenced by a certificate of the railroad commissioners of the State where the road is located, if they have jurisdiction over such railroads, or of the Bank Examiner of this State, filed in the office of the Secretary of State of this State, that said percentage has been so paid in and expended in addition to the amount of the bonded debt; *provided, further*, that in lieu of the foregoing certificate such bonds may be certified as legal for the purpose hereof, on satisfactory proof to the bank examiner that annual dividends in amount equal to five per centum per annum on the amount of capital stock equal to one-third of the bonded debt has been earned and paid for a period of five years next prior thereto; and the persons making such investigations and report may charge and collect in addition to any compensation now provided by law for their regular official duties, a reasonable compensation for such service and all expenses attendant thereon, including the employment of experts, the same to be paid by the railroad company seeking to make its bonds a legal investment under this section, whether the same are admitted or not. No bonds secured by any open mortgage shall be legal under this section unless the mortgage provides that the total amount of bonds certified and outstanding under it shall at no time exceed seventy-five per cent of the amount of cash expended upon the road.

g. In consolidated or refunding bonds which are of an issue to retire the entire funded debt under the conditions as applied to first mortgage bonds in clauses *b, c* and *f* of this sub-division, and which are secured by a first mortgage on the whole or any part of the system.

h In the first mortgage bonds of any bridge company owning a railroad bridge, located wholly or partly in the State of Maine, provided payment of said bonds as to principal and interest is guaranteed by a railroad company organized under the laws of the State and owning and operating a railroad in this State.

Fourth. In the mortgage bonds of any water company in the New England States actually engaged in supplying any city or cities, town or towns, village or villages, or other municipal corporations, with water for domestic use and for the extinguishment of fires, whenever such company is earning more than its fixed charges and interest on its debts and its running expenses.

Fifth. In bonds of any corporation other than railroads and water companies incorporated under the authority of this State and actually conducting in this State the business for which such corporation was created, which is earning an amount in excess of fixed charges, interest on its debts and running expenses equivalent to 5% per annum on an amount of capital stock equal to one-half of its entire funded debt.

Sixth. a. In the stock of any bank or banking association incorporated under the authority of the State.

b. In the stock of any bank or banking association incorporated under the authority of the United States, if located within the New England States.

c. In stock of any RR. company of this State unencumbered by mortgage.

d. In the bonds, stock or notes of any railroad in New England which has earned and paid an annual dividend equivalent to five per cent on a capital stock equal to one-third of its funded debt for a period of ten years next prior thereto, and in the stock or notes of the New York Central & Hudson River, the Illinois Central, the Lake Shore & Michigan Southern and the Pennsylvania Railroad companies.

e. In the stock of any railroad leased to any dividend-paying railroad in New England upon terms guaranteeing the payment of a regular state-dividend upon the stock of such leased road and the interest on its bonds.

f In the stock of any corporation, other than railroad and water companies, incorporated under authority of this State and actually conducting in this State the business for which such corporation was created, which earns and is paying a regular dividend of not less than 5% a year; and any savings bank or institution for savings owning stock of any such corporation that has earned and paid regular dividends of 5% or more for five years, may, if any such corporation, by a vote of its stockholders, sells and conveys all its property and assets (franchise excepted) to trustees of a voluntary association, to hold and carry on the same business, for the members of such association, legally hold and own the certificates of shares of such association, issued in exchange for stock of such corporation; provided, however, that the deed of trust creating such voluntary association shall, in express terms, exempt the owner or owners of such certificates from individual liability thereon or on account of debts or obligations contracted by such association.

Seventh. a. In loans secured by first mortgages of real estate in this State and New Hampshire to an amount not exceeding 60% of the value of such real estate.

b. In notes with a pledge as collateral of any funds, bonds, notes or stocks which the bank or institution would, by this section, be authorized to purchase, provided the market value of said collateral is equal to the amount of the loan.

c. In notes with a pledge as collateral of any savings bank deposit book issued by any savings bank in this State.

d. In notes with a pledge as collateral of such funds, bonds, notes or stocks as in the judgment of the trustees it is safe and for the interest of the bank to accept to an amount not exceeding 75% of the market value of such funds, bonds, notes or stocks.

e. In loans to any municipal corporation in this State.

f. In loans secured by a mortgage of such personal property as in the judgment of the trustees it is safe and for the interest of the bank to accept.

g. In loans to any corporation owning real estate in this State and actually conducting in this State the business for which such corporation was created.

Eighth. a. The term "net municipal indebtedness of counties," as used in this section, shall be construed to include all bonds which are a direc- obligation of the county less the amount of any sinking fund available in the reduction of such debt

b. The term "net municipal indebtedness of cities and districts," as used in this section, shall be construed to include in the case of either not only all bonds which are a direct obligation of the cities, but also all bonds of the districts or boards within the same, as above enumerated, exclusive of any such debt created for a water supply and of the amount of any sinking fund available in reduction of such debt.

c. The number of inhabitants of cities and counties shall be determined by the last previous official census thereof, as established by the last United States or State census or city or county census taken in the same manner as United States or State census and duly certified to by the clerk or treasurer of such city or the auditor or treasurer of such county.

Ninth.—All investments having a fixed maturity shall be charged and entered on the books of the bank at their cost to the bank or at par when a premium is paid. The bank examiner may require any investment to be charged down to such sum as in his judgment represents its fair value. He may at any time call for a report of the financial condition of any corporation offering, or likely to offer, its bonds, stocks or notes to any savings bank in the State, or whose notes are held by any such savings bank, as much in detail as he may require, verified by the oath of such officers of such corporation as he may specify. He may communicate any such report, or an abstract thereof, to the officers, of any of said savings banks. If such report is not furnished the bank examiner within the time specified in his call therefor, or within such extension of time as he may grant, the bonds, stocks and notes of such corporation shall thereupon cease to be a legal investment for savings banks under this section, and shall not again become a legal investment until a report in all respects satisfactory to the bank examiner is furnished. Any officer of a corporation who wilfully makes a false report hereunder, and any officer, trustee, director, clerk or employee of a savings bank, trust company or loan and building association who willfully or knowingly undertakes in any manner to deceive or mislead the bank examiner, or any officer or representative of the State Banking Department, as to the true condition or value of any of the investments of such savings bank, trust company or loan and building association, or willfully conceals any material fact connected therewith, shall be punished by a fine not exceeding five hundred dollars or imprisonment not exceeding two years, or by both such fine and imprisonment.

SECTION 24. Any such bank or institution may hold real estate in the city or town in which such bank or institution is located to an amount not exceeding 5% of its deposits or to an amount not exceeding its reserve fund.

SECTION 25. No such bank or institution shall hold by way of investment, or as security for loans, or both, more than one-fifth of the capital stock of any corporation, nor invest more than 10% of its deposits, in the capital stock or notes or any corporation, nor have more than 50% of its deposits in mortgages of real estate. This section and the two preceding do not apply to real estate, or other assets, acquired by the foreclosure of a mortgage thereon, or upon judgment for debts, or in settlements to secure debts. This section does not apply to bonds enumerated in the first five sub-divisions of Section 23 of this chapter.

SECTION 26. Savings banks and institutions for savings may deposit on call in banks or banking associations incorporated under the authority of this State, or the laws of the United States, and receive interest for the same, and may deposit, subject to the approval of the bank commissioner, with such banks or banking associations, any securities received as collateral for time loans made to any person or corporation without the State.

SECTION 27. The trustees shall see to the proper investment of deposits and funds of the corporation in the manner hereinbefore prescribed. No loan shall be made directly or indirectly to any officer of the corporation or to any firm of which such officer is a member.

CITIES, COUNTIES AND TOWNS IN THE STATE OF MAINE.

Note.—For debts of minor civil divisions not found among the statements given below, see "Additional Statements" at the end of this State.

New Hampshire.

ITS

DEBT, RESOURCES, &c.

Admitted as a State—One of Original Thirteen
Total Area of State (square miles)—9,305
State Capital—Concord
Governor (term exp. 1st Wed. Jan.'17)—Rolland H. Spaulding
Secretary of State (chosen by Legislature)—Edw. C. Bean
Treasurer (term expires (Jan. 1917)—J. W. Plummer

LEGISLATURE meets biennially in odd years on the first Wednesday in January, and length of session is not limited.

HISTORY OF DEBT.—New Hampshire's debt history is very brief. This State has always been extremely conservative, and no bonds were issued until after the breaking out of the Civil War. In 1866 New Hampshire reported her funded indebtedness at $4,169,816, contracted exclusively for war purposes. June 1 1869 the total outstanding was $3,213,962.22, against which the Treasurer reported an asset of $77,082.89. The State debt at the present time is as follows:

LOANS— Name and Purpose—	Interest— %	Payable.	Principal— When Due.	Outstand'g
Sanitorium bonds of 1909	3½	J & J	July 1 1919	$50,000
Highway bonds of 1909	3½	J & J	Jan 1 1917	25,000
do do of 1911	3½	J & J	July 1 '17-21	250,000
do do of 1912	3½	J & J	July 1 '21-'24	250,000
Hospital, 1905	3½	J & J	July 1 '17-25	90,000
do 1907	3½	J & J	July 1 1927	150,000
do 1909 c	3½	J & J	July 1 1929	85,000
Municipal War loan (overdue)	---	------	----------	500
Loan of 1873 (overdue)	---	------	----------	500
Trust funds	---	------	----------	1,068,860

PAR VALUE OF BONDS.—The bonds are in $500 and $1,000 pieces.

INTEREST is payable at the National Shawmut Bank of Boston and at State Treasurer's office.

TAX-EXEMPT.—All issues at 3½% and under are exempt when held by savings banks and citizens of New Hampshire.

TOTAL DEBT.—The *net* debt on Sept. 1 1916 was $1,068,954.02. The subjoined statement shows New Hampshire's *total* debt on the dates named. Assets Sept. 1 1916 were $980,779.75.

	Sept. 1 '16.	Sept. 1 '15.	Sept. 1 '14.	Sept. 1 '13.
Total funded debt	$901,000	$986,000	$1,071,000	$1,156,000
Trust funds	1,148,634	1,068,860	1,051,696	1,030,538
Floating debt	100	100	100	100
Total debt	$2,049,734	$2,054,960	$2,122,796	$2,186,638

ASSESSED VALUATION.—The State's total assessed valuation has been as below. The average tax rate for 1916 (per $1,000) is $17.30.

Years—	Assessed Val.	Years—	Assessed Val.	Years—	Assessed Val.
1916	$410,150,583	1908	$244,971,264	1900	$209,670,845
1915	398,845,480	1907	238,128,476	1898	204,734,731
1914	390,877,626	1906	231,641,571	1897	203,507,734
1912	*390,086 029	1905	225,082,628	1896	200,957,600
1911	263,074,386	1904	220,624,307	1894	197,839,543
1910	255,085,571	1903	216,837,497	1893	196,117,060
1909	249,219,335	1902	214,616,655	1881	168,964,903

The preceding values are simply the aggregate of the inventories of the various towns in the State. In addition the State taxes at different rates savings banks and trust companies, insurance capital, railroads, building and loan associations, telegraph and telephone companies, parlor car and express companies. These latter were valued in 1914 at $169,504,181.

* Chapter 169, Laws of 1911, creates a permanent tax commission, one of whose duties it is to equalize valuations in the year 1912 and every second year thereafter, so that the same shall represent the "true and market value" of property. *This will account for the great increase in valuations in 1912, not only for the State itself, but for the various civil divisions, as shown by the returns of the different municipalities on this and following pages.*

POPULATION OF STATE—

1910	430,572	1870	318,300	1830	269,328	1790	141,881
1900	411,588	1860	326,073	1820	244,165		
1890	376,530	1850	317,976	1810	214,460		
1880	346,991	1840	284,574	1800	183,858		

DEBT LIMITATION.—There is no restriction in the constitution of New Hampshire upon the debt-making power of the people through the "General Court," *except* the following, which is the last clause of Article 5 of Part Second of that instrument.

Provided, That the General Court shall not authorize any town to loan or give its money or credit directly or indirectly for the benefit of any corporation having for its object a dividend of profits or in any way aid the same by taking its stocks or bonds.

The above is an amendment to the constitution which was ratified in 1877. The amendment would appear to be intended as a complete estoppel to municipal loaning of money or credit to railroad and industrial corporations. It is to be noticed, however, that by its terms the restriction does not specifically mention "cities," the words being "any town."

In addition to the foregoing is the "Municipal Bond Act of 1895." It tells in the matter of issuing bonds what a municipal corporation may do, what it must do, and what it cannot do. The law enacts:

Sec. 1. The term "municipal corporation" means town, city, school district, village district and village precinct. *Sec.* 2. Bonds issued must be payable within 20 years, interest semi-annual, not exceeding 6%, may be payable in gold coin. If made payable in less than 20 years, may be extended, but never beyond 20 years from time of issue. *Sec.* 3. Bonds (except of cities) must be authorized by a vote of two-thirds of all voters present and voting at an annual meeting of such corporation, or at a special meeting properly called, &c. (for which see Act). Bonds must be signed by a majority of the Governing Board, countersigned by Treasurer and have seal of corporation. Time and place of payment and rate of interest, &c., may be delegated to Governing Board. *Sec.* 4. City bonds must be authorized by resolution of City Council passed by at least two-thirds of members elected to each branch, taken by yeas and nays, signed by Mayor, countersigned by Treasurer, seal of city affixed. Place of payment, rate of interest and sale may be delegated to Treasurer. *Sec.* 5. Bonds shall be payable to bearer or to registered holder by name, and must be in form set out in Act—which see. In case bonds be made subject to call, they must contain statement to that effect as given in Act. "The validity of any bonds shall not be affected by any variation from the forms herein prescribed." *Sec.* 6. Treasurer to keep a book in which he shall register bonds issued, &c. *Sec.* 7. "All bonds purporting to be issued by virtue or in pursuance of this Act and signed and sealed as hereinbefore provided shall, in favor of bona fide holders, be conclusively presumed to have been duly and regularly authorized and issued in accordance with the provisions herein contained, and no holder thereof shall be obliged to see to the existence of the purpose of the issue or to the regularity of any of the proceedings or to the application of the proceeds. All such bonds shall be negotiable in all respects and to the same extent as securities negotiable by the law merchant." *Sec.* 8. Annual tax must be levied and collected sufficient to pay interest and provide a sinking fund sufficient to pay principal within 20 years. *Sec.* 9. No bonds can be issued which shall increase the *net* debt of corporation to an amount exceeding 5% of the value of the taxable property therein as last appraised for assessing taxes. To ascertain *net* debt, all debts must be included except the following, which must be deducted—water debt, 'cash and other means' in treasury and sinking funds applicable to payment of debt so included; "but nothing contained in this section shall prevent the issue of bonds for the purpose of refunding an equal principal amount of other bonds of such corporation." *Sec.* 10. Corporation seal. *Sec.* 11. Act to take effect on passage. Approved March 19 1895.

Exceptions have been made to this law from time to time in special instances, such as in the case of $100,000 high-school bonds of the city of Portsmouth authorized by Chapter 202, Laws of 1903. This chapter provides that Section 9 of the Municipal Bond Law of 1895 does not apply in this instance.

TAXATION OF MUNICIPAL BONDS.—Chap. 55 of the Laws of 1907 provides that any city, town, precinct or village district may exempt from taxation any future issue of its bonds, provided such exemption shall apply only to bonds owned and held by citizens of said city, town, precinct or village district. State bonds are subject to taxation unless exempted by the terms of the Act under which they are issued.

In 1913 the privilege of exemption was extended by Chapter 51 of the Acts for that year to future bond issues by school districts when held by residents. Another Act of 1913 (Chapter 112) exempts from taxation all the bonds or notes of the State or any of its minor civil divisions bearing not exceeding 5% interest.

SAVINGS BANKS INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—The savings bank investment laws of New Hampshire were completely revised and materially altered in many respects at the Legislative session of 1901. Further amendments were made at the Legislature sessions of 1907, 1909 and 1915. The law, as it now stands, is printed in full in our "State and City Section" for May 27 1916, pages 12 and 13.

INVESTMENT OF TRUST FUNDS.—(1895) Chapter 71, Sec. 1. Trustees and guardians shall be authorized to invest funds in their hands in the bonds or direct obligations of any county, city, town, school, fire or water district in New England, when the net debt of said municipality does not exceed five per cent of the last assessment of taxes for the purpose of taxation. The term "net debt" shall be construed to denote the indebtedness of any municipality, omitting debt created for supplying the inhabitants with water and deducting the amount of sinking funds available for the payment of the indebtedness of the municipality.

CITIES, COUNTIES AND TOWNS IN THE STATE OF NEW HAMPSHIRE.

Note.—For debts of minor civil divisions not found among the statements given below, see "Additional Statements" at the end of this State.

BERLIN.

This city is in Coos County. Incorp. Feb. 6 1897. New city charter was adopted by the voters May 11'09.
